Development Services On-Line Permits

No need to visit City Hall! Home owners, property owners and contractors can use this process.

Simple no-plan permits for water heaters, electrical outlets, gas lines, and simple plumbing work can now be processed and obtained electronically, on-line using your credit card. These simple permits, available by mail or FAX for years are now available on-line as another means of saving you time, money, and effort.

On-Line permitting is open 24 hours, seven days a week; however, permits are processed only until 3:00 p.m., Monday thru Friday. For additional information, please review our [Frequently Asked Questions](#).

- [Process a simple no-plan permit on-line](#) (via our secure server)

After completing your application on-line, you will receive a response email confirming that your credit card has been charged and your request has been submitted. If you wish, you will be able to print a copy of your completed permit application. In a few days, you will receive an email copy of your permit/invoice with the actual permit number.

If you prefer to submit your request by mail or FAX, you will find the necessary information and forms under [Forms and Development Information](#).

If you have further comments or questions, please feel free to call us at (619) 446-5300, or email us at dsdpermits@sdcity.sannet.gov.
